Official GC Learning Services LLC e-Learning Ready Checklist

<u>Before</u> implementing an e-Learning Solution, be sure you have considered these checklist items and documented your responses. (Feel free to print this page for future reference):

•	What are the learning objectives for your initiative? What
	are you looking to accomplish with your e-Learning
	solution? i.e. Maximize productivity, decrease training
	costs, decrease customer service calls or complaints,
	etc

How much of the content is documented, valid and complete? i.e. Is it in the form of a training manual, user guide, policy document, etc... Try to assign a percentage for documented content and a percentage for information that must come from other sources and then define those sources. i.e. Subject Matter Expert (SME) Circle
